MANIFESTO

I **ASHWIN GOHTE** (140020031), propose to do the following if elected for the post of Tech- Secretary of the Hostel 2:

INITIATIVES:

- Conduct an open intra-hostel competition with low preparation level which will help to improve the performances in GC.
- Include fascinating technological magazines and books in the hostel library.
- Organise multiplayer Gaming events during free time-periods.
- Install a cctv camera in the tech room and a Tech Recognition Board in hostel lounge with consent with the authorities.
- To Create a Facebook page which will facilitate in keeping people updated and interested in tech scenes.
- Organise workshops for prominent softwares for beginners with the help of seniors.

GENERAL:

- Coordinate with all the council members for various events and help each other for smooth functioning.
- Start the preparation of the GCs on time especially for high prep.
- Keep the inmates informed about upcoming events, through online forums, posters and notice boards which will eventually increase participation on the institute level.
- Better incentives for inmates for their participation in intra-hostel events, GCs & workshops.
- To get the material of various workshops conducted and put it up for everyone who missed it.
- Involve seniors as guides and mentors in GCs and Debugging etc.

FOLLOW-UPS:

- Maintain a database of inmates who are involved in tech, having info of their Projects, specialisations and activities.
- Insure better and strict functioning of the tech room, by maintaining a regular record of the procured instruments and tools.

I will try up to my possible extent to achieve all my initiatives and even more if given a chance.
